Product Highlights

- 15" CRT available in black
- Available with MicroTouch™ ClearTek™ capacitive or 5-wire resistive touch screen technology
- Easy to integrate with plug and play capability
- Individually designed, engineered, and tested for volume production using ISO 9001 procedures.
- Accurate, reliable touch performance

Economical and Reliable CRT Touch Monitor Solutions

MicroTouch™ CRT touch monitors provide solutions for a broad range of applications including point-of-sale, hospitality, and retail. An economical choice compared to FPD touch monitors of the same size, our CRT monitors bring you a reliable, high-value touch solution. MicroTouch™ CRT monitors offer integrators the size options and touch technology needed to meet their customers' needs. Available in 15" and 17" sizes in beige and 15" in black, these touch-enabled monitors are UL, FCC, and CE compliant.

Making the Difference

Touch robustness or input flexibility, 3M Touch Systems knows each touch monitor application has a unique set of requirements. That's why MicroTouch™ CRT monitors are offered with a choice of two touch technologies.

MicroTouch™ ClearTek™ capacitive touch technology provides accuracy and sensitivity to the user's touch while offering outstanding durability. ClearTek™ provides scratch-resistance and contaminant-resistance to dirt, liquids, and harsh chemicals.

MicroTouch™ resistive touch technology provides fast, accurate, and reliable touch when input flexibility is the most important consideration. Resistive technology responds to the touch of fingernails, credit cards, gloved hands and fingers.

MicroTouch™ CRT Touch Monitor

Functional Features	15" Beige/Black	17" Beige
CRT Technology	15" FST (14" viewable) Invar mask	17" FST (16.0" viewable) Invar Mask
Display Colors	Unlimited colors	Unlimited Colors
CRT Dot Pitch	.28 mm	.27 mm
CRT Faceplate	Anti-glare, anti-static	Anti-glare, anti-static
Horizontal Scanning Frequency	30-70 kHz	30-70 kHz
Vertical Scanning Frequency	50-150 Hz	50-150 Hz
VESA Plug and Play	DDC1/2B	DDC1/2B
Display Capability	Auto-sync within scan frequencies	Auto-sync within scan frequencies
Front Panel Buttons	Power, Select, Adjust, Degauss	Power, Select, Menu, Adjust
On Screen Display Controls	Brightness, Contrast, Horizontal/Vertical Size and Position, Pincushion, Trapezoid, Parallelogram, Pin Balance, Color, Recall, Degauss	Brightness, Contrast, Horizontal/Vertical Size and Position, Pincushion, Trapezoid, Parallelogram, Pin Balance, Color, Recall, Degauss

NOTICE: Given the variety of factors that can affect the use and performance of a 3M Touch Systems Product (the "Product"), including that solid state equipment has operation characteristics different from electro mechanical equipment, some of which factors are uniquely within User's knowledge and control, it is essential that User evaluate the 3M Touch Systems Product and software to determine whether it is suitable for User's particular purpose and suitable for User's method of application. 3M Touch Systems' statements, engineering/technical information, and recommendations are provided for User's convenience, but their accuracy or completeness is not warranted. 3M Touch Systems products and software are not specifically designed for use in medical devices as defined by United States federal law. 3M Touch Systems products and software should not be used in such applications without 3M Touch Systems' express written consent. User should contact its sales representative if User's opportunity involves a medical device application.

IMPORTANT NOTICE TO PURCHASER: Specifications are subject to change without notice. These 3M Touch Systems' Products and software are warranted to meet their published specifications from the date of shipment and for the period stated in the specification. **3M Touch Systems makes no additional warranties, express or implied, including but not limited to any implied warranties of merchantability or fitness for a particular purpose.** User is responsible for determining whether the 3M Touch Systems Products and software are fit for User's particular purpose and suitable for its method of production, including intellectual property liability for User's application. If the Product, software or software media is proven not to have met 3M Touch Systems' warranty, then 3M Touch Systems' sole obligation and User's and Purchaser's exclusive remedy, will be, at 3M Touch Systems' option, to repair or replace that Product quantity or software mediator to refund its purchase price. 3M Touch Systems has no obligation under 3M Touch Systems' warranty for any Product, software or software media that has been modified or damaged through misuse, accident, neglect, or subsequent manufacturing operations or assemblies by anyone other than 3M Touch Systems. **3M Touch Systems shall not be liable in any action against it in any way related to the Products or software for any loss or damages, whether non-specified direct, indirect, special, incidental or consequential (including downtime, loss of profits or goodwill) regardless of the legal theory asserted.** (7/02)
