APG CASH DRAWER®

Cash Drawer Caddy™ System

The attractive and rugged POS *(Peripheral Organizing System)* solution from APG

APG's Cash Drawer Caddy™ System is the convenient and attractive solution for organizing components and cleaning up the cable clutter of a POS workstation.

The **Caddy System** includes a Heavy-Duty Cash Drawer, **Caddy Base**, and **Caddy Cap** which are made of extremely rugged materials to ensure many years of durable service.

- The revolutionary design allows for quick and easy cable routing, placement and convenient installation of your various POS peripherals.

- Virtually any combination of peripherals can be joined with a reliable APG cash drawer to create an attractive and highly effective POS workstation.

- For a durable workstation, easy installation, and fully integrated look, APG's **Cash Drawer Caddy™ System** is the solution.

Build on a Solid Foundation®

Features & Benefits of APG's Cash Drawer Caddy™ System

- Eliminates clutter by neatly organizing POS equipment
- Provides a sturdy foundation to support POS peripheral devices
- Two piece design of **Caddy™ Kit** allows for easy and quick installation
- Unique design also allows for peripherals to be placed with left- or right-hand orientation
- Accommodates nearly all major POS keyboard, printer, and monitor brands
- Multiple cash drawer interface options available

Caddy™ Systems *available in both the Series 100 and Series 4000 product lines*

Series 4000 Cash Drawer Caddy™ System *(18.8"x21" & 20"x21" in black & cloud white)*

Cap

The **Cap** tops the **Base**, hides cabling, and provides space to arrange the monitor, receipt printer, and other POS peripherals. The **Cap** is made of rugged steel and is available in two styles (flush or recessed) with Series 4000 drawers. The **Cap** is painted with a powder coat finish to match the **Cash Drawer** and **Base** for a visually appealing system.

Refer to Series 4000 product brochure for additional Cash Drawer information.

Base

The **Base** is the centerpiece of the system and sits atop the cash drawer holding the keyboard and cabling. The injection molded **Base** is built to withstand years of rugged use. It is sized and colored to match the drawer.

Cash Drawer

The drawer serves as the foundation of the workstation. Options from the Series 4000 (18.8"x21" & 20"x21") cash drawer family can be selected in a variety of APG's interface and color styles. The removable back panel allows convenient access to a large storage compartment.

### Series 100 Cash Drawer Caddy™ System *(16"x19.5" in black & cloud white)*

Cap

The **Cap** tops the base, hides cabling, and provides space to arrange the monitor, receipt printer, and other POS peripherals. The Series 100 System offers a **Flush Cap** style with an optional **Printer Tray**. The Cap is painted with a powder coat finish to match the Cash Drawer and **Base** for a visually appealing system.

Printer Tray (optional)

The sturdy tray is color matched to the **Caddy** and provides a resting space for virtually any size POS printer. It can be mounted on either the left or right side of the **Cap**.

Cash Drawer

The drawer serves as the foundation of the workstation. Options from the Series 100 (16"x19.5") cash drawer family can be selected in a variety of APG's interface and color styles. The removable back panel allows convenient access to a large storage compartment.
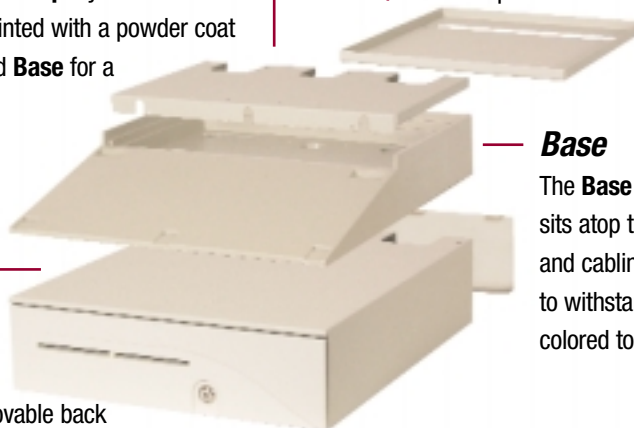

Base

The **Base** is the centerpiece of the system and sits atop the cash drawer holding the keyboard and cabling. The injection molded **Base** is built to withstand years of rugged use. It is sized and colored to match the drawer.

Refer to Series 100 product brochure for additional Cash Drawer information.

Cash Drawer Caddy™ System for Series 4000 drawers

The versatile Series 4000 **Cash Drawer Caddy™ System** provides plenty of space to arrange all of your peripherals. Standard colors of cloud white and black are both available, as well as your choice of size and interface. The Series 4000 drawers also include dual media slots and storage locations for coin rolls, packaged bills, and media.

18.8" x 21"

Flush Cap

Step Cap

APG offers two effective **Cap** options. The **Step Cap** is recessed 1/2" from the top of the **Base** providing an edge that helps maintain the location and security of all accessories. The **Flush Cap** sits even with the top of the **Base** to maximize peripheral placement.

Keyboard footrests are provided with the **Caddy Base** for capturing the keyboard extension feet. For those that do not fit in these footrests, keyboard clips are provided for keyboard retention.

20" x 21"

Keyboard Clips & Footrests

Cash Drawer Caddy™ System for Series 100 drawers

The compact (16"x19.5") size of the Series 100 **Caddy System** fits many applications where a smaller footprint is needed. Choose cloud white or black, and select a desired interface from APG's extensive options. The Series 100 drawer includes an adjustable media slot and coin roll storage under the till.

The **Flush Cap** on the Series 100 version of the **Caddy System** allows space to be maximized to fit various peripherals.

Flush Cap

The optional **Printer Tray** can be purchased for the Series 100 **Caddy System** where a larger printer is being used. The tray can be mounted in two different locations on the right or left side.
