

Triton ULTRA

Multi-Function

Vape Detector & Smart Safety Sensor

Includes Patent Pending Loitering Detection and Visualization Technology

Triton ULTRA is a multi-function health, safety, and drug detection device. Triton is designed for private areas. It uses no camera, collects no personally identifiable information (PII), and is 100% privacy compliant. This is why Triton Sensors are trusted in hundreds of facilities across the globe to safeguard bathrooms, patient rooms, dormitories, and more.

VAPE & THC DETECTION

Detects vaping, cigarette smoke, marijuana smoke, masking, and other illicit substances. Industry-leading response time and low false-alarm rate.

KEYWORD AND AGGRESSION

Get an alert whenever someone screams, "Help Me!" "Emergency!" or any of 10 standard keywords. Aggression detection also alerts to elevated noise levels and screaming.

PEOPLE COUNTING

Keep tabs on over-occupancy that can lead to safety issues such as vandalism, drug use, and violence. View data in real time and set crowding thresholds for each facility.

LOITERING DETECTION

Know if students are cutting class or hiding in a bathroom by setting proactive alerts and programmable thresholds for loitering.

GUNSHOT DETECTION

Safeguard private areas with ultra-accurate acoustic gunshot detection. Fast alerts allow increased situational awareness in an active shooter situation.

ALERT LIGHT & SPEAKER

Take alerts to the next level with a light ring and alarm speaker. Play custom files and light color sequences in the event of vaping, tampering, keywords, aggression, and other alert types.

GLASS BREAK DETECTION

SCREAM + SHOUT DETECTION

TAMPER DETECTION

Including shaking, knocking, disconnect, and covering the sensor.

PoE DAISY CHAIN

Connect up to four devices in a single cable run to save time and materials.

EASILY INTEGRATED

TRITON Supports The Following:

Optional Cloud Software

Local Management Software

VMS Software With Automations and Dashboard View

Dry Contact Alarm Relays

General Specifications

Feature	Description
Operating Temperature	32°F - 112°F (0°C - 44°C)
Operating Humidity	0 to 90% Relative Humidity (non-condensing)
Power Supply	PoE (IEEE 802.3at Class 3 Compliance) input and output. Tether up to 4 devices together.
Dimensions	5.5" x 1.96" (140 mm x 50 mm)
Mounting Options	Surface Mount (recommended), Recessed Mount, Wall Mount via Stud, Pole Mount (optional), Conduit Adapter (optional)
Certifications	FCC, CE, RoHS, IK8, UKCA

Network Specifications

Feature	Description
Ethernet In	RJ-45 (10/100 Base-T)
Ethernet Out (tether up to 4 devices)	RJ-45 (10/100 Base-T) IEEE 802.3at Class Compliance
Protocols	RTSP, IPV4/V6, TCP/IP, HTTP, HTTPS, DHCP
Wireless	2.4 GHz IEEE 802.11 b/g/n/ac Wireless
Bluetooth & BLE	Bluetooth 5.0, BLE

Communication and I/O

Feature	Description
Triton PC Software	On-Premise management software to connect all Triton devices to a single account and view and manage them individually.
Triton Cloud	Cloud software that extends the abilities of Triton hardware
Email	Sent via SMTP server (On-Prem) or through Mandrill API (Cloud)
SMS Text Message	Sent via SMTP to SMS (On-Prem) or through Twilio API (Cloud)
Speaker	Ultra-loud speaker with pre-configured sounds and the option for users to upload sounds. The speaker plays different sounds depending on what event is detected.
Alert Light	Users can map how the light reacts to different event types, such as orange for vaping and red for tampering.
Live Dashboard Stream	Supports visualizing key metrics, events, and occupancy information through an RTSP stream
Relay	Supports relay input and output to interface with external hardware
Integrations	ULTRA integrates with many 3rd party VMS, communications, and safety systems. Contact info@tritonsensors.com for integration requests and a full list. Most popular integrations include: Milestone, Genetec, Hanwha Wave, Raptor Technologies, i-Pro/ Video Insight, Axis Camera Station, Axis D4100, Arcules, OpenEye, ExacqVision, DW Spectrum, Nx Witness, Ganz CONTROL, VAST 2, EPIC System, IC Realtime, Inner Range, Avigilon/Ava, Verkada.

The only smart sensor with

- 10 Keyword Alerts
- Glass Break Detection
- Scream & Shout Detection
- Loitering Detection

- Occupancy Visualization
- 4 Device Daisy Chain
- 24/7 Live Support Line
- 10 Year Warranty
