DASHBOARD MOUNTS

ProClip Dashboard Mounts are custom designed and precision machined from high-grade ABS to accommodate the unique shape and structure of your vehicle's dashboard. The result is a solid mounting surface for your ProClip mobile device holder or charging cradle. No holes to drill. Just follow the included installation instructions and within a few minutes you will be enjoying a secure and convenient device mount in your car, truck, van, SUV or commercial vehicle.

- Custom Made to Fit your Dashboard
- Provides a Solid Mounting Surface
- Installs in About One Minute
- Quickly Attach Your Phone or Tablet Holder or Charging Cradle
- No Holes to Drill
- Made in Sweden from High Grade ABS
