

## BLK-CDS205NH

High Resolution Mini Box Camera

### KEY FEATURES

- 1/3" Sony CCD delivers 620 lines of resolution with a minimum illumination of 0.1 lux.

### High-resolution box camera combines advanced features in a small package

The DIGIOP BLACK advanced ultra-compact box camera uses the Sony 1/3" CCD chipset. These cameras will produce high quality video even in the most challenging lighting conditions. Includes Day/night, DNR, 12/24 dual voltage and OSD control options to adjust your video settings. This camera is very compact and flexible enough to meet any installation requirements.

This camera comes with a 5-year warranty and free lifetime technical support.
