INTEGRATED PC PLATFORM

PC Compartment: 14.2"D x 17.6" W x 4.3"H

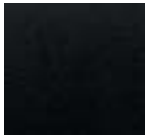

Small footprint PCs can now be easily and securely integrated with your cash drawer using MMF's Integrated PC Platform. Designed to integrate with MMF's MCD240 or MediaPLUS cash drawers, the platform also provides a secure base for your POS keyboard, printer and display.

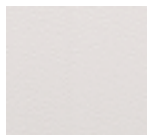

Features:

- Construction: 14 gauge steel
- Security: The PC and peripherals are securely protected. All cables, power supply, power strip/packs are held firmly in the enclosure.
- Flexibility: The system provides an optional on/off switch on the front panel, left or right pole display capability and drop holes for printer, LCD, keyboard & scanner cables.
- System Integration: The PC and power supply are secured by metal straps so once configured, the system can be safely shipped in a single container.
- Serviceability: The PC sits on a slide-out tray that provides easy access for the technician.
- Colors

Black
