MOBILE COMPUTERS

ProClip Handheld Mobile Computer 'HMC' Holders and Charging Cradles are custom designed and precision machined from high-grade ABS and Acetal for a perfect fit and to provide a secure method for mounting and charging your handheld mobile computer, PDA or EDA of choice. Our HMC Holders attach directly to ProClip Dashboard Mounts or to any Pedestal Mount utilizing the universally accepted 'AMPS' hole pattern. Charging models support CLA or Hard-wired configuration.

- Custom Vehicle Cradles for Over 30 Leading Brands of Mobile Computer
- Charging with CLA or Hard-Wired for Fixed Installation
- Designed for Easy One-Handed Insertion and Removal
- USB Host Available on Some Models
- Attach Readily to Any Pedestal Mount with AMPS Hole Pattern
