

High Quality. Pre-Tested. Reliable. Genuine Zebra™ Supplies

SEE MORE. DO MORE.

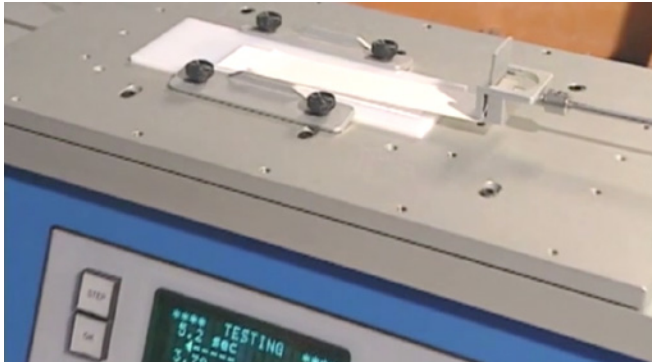

Eliminate downtime due to inconsistent print quality, re-prints or scannability issues, and increase productivity. Purchasing genuine Zebra supplies means you have access to a large selection of quality, pre-tested, supplies manufactured by a thermal industry expert. You can rest assured that genuine Zebra supplies will not only work in the printer, but in the application as well.

- With over 1,000 combinations of pre-tested, high-quality and reliable labels, tags, receipts, wristbands and ribbons we can meet the requirements of most applications
- Zebra can custom-manufacture supplies that meet the needs of most applications, whether a specialty material, size, configuration or pre-print is needed.

GENUINE ZEBRA SUPPLIES

Quality

- The use of consistent processes and materials.
 - **We never substitute materials**, ensuring consistent print quality and eliminating the need to adjust printer settings from order-to-order.
 - **Zebra removes dust** that can accumulate on label rolls and cause print quality problems through the use of a trim removal vacuum system during the manufacturing process.
 - **Zebra is ISO 9001:2008 certified**. We have standard consistent processes in place that we follow to ensure the creation of finished products that deliver high customer satisfaction
 - Computerized vision inspection system **ensures proper registration** of pre-printed text, logos and color.
 - Color Matching Software and Equipment **ensures precision-matched PMS colors and consistency from run-to-run**

Pre-Tested

- **Zebra extensively tests all materials** we offer in Zebra printers
 - There are thousands of types of thermal media, so Zebra has a supplies R & D lab, where our experienced technicians conduct tests to determine which ones deliver the best print quality and the most durable images.

Reliable

- **Experts in manufacturing supplies for thermal printers.**
 - Zebra is one of the largest thermal label converters in North America.
 - With four locations across the United States, Zebra offers quick, economical shipping and manufacturing redundancies enabling us to move production in the event of a disaster.
 - We use inks, varnishes, tooling, equipment and inspection techniques specifically suited for the special requirements of thermal materials so they won't harm thermal coatings and build-up on printheads, insuring excellent print quality and minimal printhead wear and tear.
